

Welcome to Pre School

Hello and welcome to Pre School everyone!

We hope you have had a lovely time over the summer and are sure you are now ready to start the new school year!

We would like to say a big welcome to all our new pre-school children!

We are looking forward too many exciting adventures with Pre School class this year!

We are really looking forward to an exciting year and we are sure that the children will have lots of fun during their time in Pre School!

This Term

This term our creative learning theme will be "Travel through Time"

The first half of this term we will be thinking all about ourselves, our families, our bodies and people who help us.

Communication Diary

Your child will be given a communication diary that you can fill in for both home and school communication, including any messages you may need to let us know.

Snack Time

All Pre School children will have the option of fresh fruit and vegetables as part of our daily snack time. The children will wash and prepare the fresh fruit and vegetables with a member of staff.

Milk is provided as part of the cool milk scheme for children under five (Please see school office). Your child may bring a named water bottle to school, which will be returned home each evening. Please ensure that it only contains water and not juices. Water is available in the classroom and we encourage the children to drink water at regular intervals throughout the day.

For newly starting children

Two-Year-Old Screening Check

We are always keen to gather as much information as possible about the children who are starting in Pre-school. It would be very helpful if we could please have a copy of the 2year old screening check that the Heath Visitor would have carried out to add to our records.

Forest Schools

Pre-school children will get the opportunity to explore the forest school area each half term. Children will wear a mud suit and wellies, this can be provided by school but you can also send your child's own mud suit and wellies in if you would prefer, which can hang in a bag on their peg. Please ensure any items in the bag are clearly named.

Website

Our School website is up and running with lots of information about our school and activities/links for your child to access. This year we are hoping to develop our preschool class blog page to update you of various class specific information throughout the year.

Watch this space for more updates...
